Part 8

Planning and Development Act 2000 (as amended)

Planning and Development Regulations 2001 (as amended) - Part 8

oplicant: David Skene, Envi ent & Tran sportation Division

Location: The mouth of the Royal Canal in front of Spencer Dock, on the northern Campshires, adjacent to the Samuel Beckett Bridge, North Wall Quay, Dublin 1, on the river side of the existing historic Scherzer Bridges; which are protected structures, as are the quay walls.

Proposal: Pursuant to the requirements of the above, notice is hereby given of the intention to provide two lightweight steel bridges over the mouth of the Royal Canal into the Liffey, one bridge for pedestrians and the other for cyclists, both 12m long. The bridge closest to the Liffey will cater for pedestrians, connecting the existing pathway on the Campshires across the mouth of the Canal. The cycleway bridge will be closer to the Scherzer Bridges, and will integrate with the current cycle arrangement through some ground work around the bridge. The works will require repaving and some works on both sides, to address level changes, moving electrical control boxes associated with the Scherzer Bridges, enabling works to the quay wall (which is a Protected Structure) and removal of a number of trees to the west of the bridges to allow for a safe guided approach onto the bridges to segregate cyclists and pedestrians. This application relates to land within the North Lotts and Grand Canal Dock Strategic Development Zone. vall (which is a Protected Structure) and removal of a nurre west of the bridges to allow for a safe guided approach segregate cyclists and pedestrians.
