

CONTENTS

FOREWORD

LIST OF CONTRIBUTORS

1.0 INTRODUCTION

- 1.1 Background
- 1.2 Statutory Context
- 1.3 Purpose of the EIS
- 1.4 Scoping
- 1.5 Consultation
- 1.6 EIS Structure

2.0 THE PROPOSED PLANNING SCHEME

- 2.1 The Planning Scheme Area
- 2.2 The Draft Planning Scheme
 - 2.2.2 *The Vision*
 - 2.2.3 *The Planning Scheme Zones*
 - 2.2.4 *Open Space*
 - 2.2.5 *Urban Design*
 - 2.2.6 *Building Heights*
 - 2.2.7 *Housing Size and Quality*
 - 2.2.8 *Community Facilities and Community Gains*
 - 2.2.9 *Sustainability*
 - 2.2.10 *Transport and Movement*
 - 2.2.11 *Utilities and Infrastructure*
 - 2.2.12 *Phasing*
- 2.3 Development Context
 - 2.3.1 *Planning Policy Overview*

3.0 ALTERNATIVES CONSIDERED

- 3.1 Introduction
- 3.2 Development Options and Alternatives
 - 3.2.5 *Alternative Option 1 – Low Intervention Green Peninsula*
 - 3.2.6 *Alternative Option 2 – Medium Intervention Concentrated Developed*
 - 3.2.7 *Alternative Option 3 – Medium Intervention Infrastructure Hub*
 - 3.2.8 *Alternative Option 4 – High Intervention Maximum Development*
 - 3.2.9 *Alternative Option 5 – Long Term Medium Intervention Mixed Development*
 - 3.2.10 *Alternative Option 6 – Long Term High Intervention Maximum Development*
 - 3.2.11 *Alternative Option 7 – ‘Do Nothing’*
 - 3.2.12 *Assessment of Development Options and Alternatives*
- 3.3 The Preferred Option

4.0 SPECIFIC INFORMATION AND FORECASTING

- 4.1 Introduction
- 4.2 Chapter 5 – Human Beings
- 4.3 Chapter 6 – Flora & Fauna
- 4.4 Chapter 7 – Geotechnical, Soils and Ground Conditions
- 4.5 Chapter 8 – Water
- 4.6 Chapter 9 – Air Quality (& Dust)
- 4.7 Chapter 10 – Wind
- 4.8 Chapter 11 – Odours
- 4.9 Chapter 12 – Climate and Energy
- 4.10 Chapter 13 – Noise & Vibration
- 4.11 Chapter 14 – Landscape / Visual Impact
- 4.12 Chapter 15 – Sunlight
- 4.13 Chapter 16 – Material Assets – Traffic & Transportation and Parking
- 4.14 Chapter 17 – Material Assets – Retail Impact
- 4.15 Chapter 18 – Material Assets – Archaeological Heritage
- 4.16 Chapter 19 – Material Assets – Architectural and Cultural Heritage
- 4.17 Chapter 20 – Material Assets – Utilities
- 4.18 Chapter 21 – Material Assets - Waste

5.0 EFFECT ON THE ENVIRONMENT: Human Beings

5.1 General Introduction

5.2 Population

5.2.1 *Introduction*5.2.2 *Assessment Methodology*5.2.3 *The Receiving Environment*5.2.4 *Relevant Characteristics of Draft Planning Scheme*5.2.5 *Likely Impact of the Draft Planning Scheme*5.2.6 *Mitigation*5.2.7 *References*

5.3 Employment

5.3.1 *Introduction*5.3.2 *Assessment Methodology*5.3.3 *The Receiving Environment*5.3.4 *Relevant Characteristics of the Draft Planning Scheme*5.3.5 *Likely Impact of the Draft Planning Scheme*5.3.6 *Mitigation*5.3.7 *References*5.3.8 *Appendices*

5.4 Community

5.4.1 *Introduction*5.4.2 *Assessment Methodology*5.4.3 *The Receiving Environment*5.4.4 *Relevant Characteristics of the Draft Planning Scheme*5.4.5 *Likely Impact of the Draft Planning Scheme*5.4.6 *Mitigation*5.4.7 *References*

5.5 Human Health & Safety

5.5.1 *Introduction*5.5.2 *Assessment Methodology*5.5.3 *The Receiving Environment*5.5.4 *Relevant Characteristics of the Draft Planning Scheme*5.5.5 *Likely Impact of the Draft Planning Scheme*5.5.6 *Mitigation*5.5.7 *References*

- 5.6 Appendices
 - Appendix 5.1 Community Facilities Audit, Buchanan Associates, 2007*
 - Appendix 5.2 Community Facilities Report, Urban Initiatives*
 - Appendix 5.3 Technical Land-Use Planning Advice (Required under Reg. 27 of SI 74 of 2006) for DDDA in relation to Dublin Waste to Energy Project, VOMS/Dublin Bay Power, ESB Poolbeg, NORA at Ringsend, Dublin, HSA, July 2008*

6.0 EFFECT ON THE ENVIRONMENT: Flora & Fauna

- 6.1 Introduction
- 6.2 Assessment Methodology
 - 6.2.1 *Desk Study and Consultations*
 - 6.2.2 *Field Surveys*
- 6.3. The Receiving Environment
 - 6.3.1 *General Study Area*
 - 6.3.2 *Designated Areas for Nature Conservation*
 - 6.3.3 *Nature 2000 Sites*
 - 6.3.4 *Protected Flora Species*
 - 6.3.5 *Sites within the Planning Scheme Area*
 - 6.3.6 *Fauna*
 - 6.3.7 *Aquatic Environment and Fisheries*
 - 6.3.8 *Site Evaluation*
- 6.4. Relevant Characteristics of the Draft Planning Scheme
- 6.5. Likely Impact of the Draft Planning Scheme
 - 6.5.3 *Dublin Docklands Master Plan 2008*
 - 6.5.4 *Designated Areas for Nature Conservation*
 - 6.5.5 *Sites within the Draft Planning Scheme Area*
 - 6.5.6 *Fauna*
 - 6.5.7 *Aquatic Environment and Fisheries*
- 6.6. Mitigation
 - 6.6.1 *Dublin Docklands Master Plan 2008*
 - 6.6.2 *Other Mitigation Measures*
 - 6.6.3 *Designated Areas for Nature Conservation*
 - 6.6.4 *Fauna*
 - 6.6.5 *Aquatic Environmental and Fisheries*
- 6.7 Predicted Residual Impacts
- 6.8. Monitoring

- 6.9. References.
Appendices
Appendix 6.1 - “*Appropriate Assessment of the Implications of the Draft Planning Scheme on Natura 2000 sites*”, Natura, September 2008
Appendix 6.2 - “*Poolbeg Peninsula: Geomorphological Perspectives*”, J.A.G Cooper & D.W.T. Jackson, University of Ulster

7.0 EFFECT ON THE ENVIRONMENT: Geotechnical, Soils & Ground Conditions

- 7.1 Introduction
7.2 Assessment Methodology
7.3 The Receiving Environment
 7.3.1 *The Planning Scheme Area – Historical Background and Uses*
 7.3.2 *Ground Conditions – General*
 7.3.3 *Made Ground / Fill Material*
 7.3.4 *Quaternary Deposits*
 7.3.5 *Bedrock*
 7.3.6 *Landfill Gas*
 7.3.7 *Contamination*
 7.3.8 *Fabrizia Site*
 7.3.9 *IGB Site*
 7.3.10 *Proposed Waste-to-Energy Site*
7.4 Relevant Characteristics of the Draft Planning Scheme
 7.4.1 *Construction Phase*
 7.4.2 *Operational Phase*
7.5 Likely Impact of the Draft Planning Scheme
 7.5.2 *Construction Phase*
 7.5.3 *Operational Phase*
7.6 Mitigation
7.7 References
7.8 Appendices
 Appendix 7.1 - Geotechnical Report for Poolbeg Peninsula Planning Scheme, Mott MacDonald Pettit, May 2008

8.0 EFFECT ON THE ENVIRONMENT: Water

8.1 Introduction

8.2 Assessment Methodology

8.3 The Receiving Environment

8.3.1 *Surface Water*8.3.2 *Flooding and Sea Level Rise*8.3.3 *Groundwater*8.3.4 *Drainage Systems*

8.4 Relevant Characteristics of the Draft Planning Scheme

8.4.2 *Construction Phase*8.4.3 *Operational Phase*

8.5 Likely Impact of the Draft Planning Scheme

8.5.2 *Construction Phase*8.5.3 *Operational Phase*

8.6 Mitigation.

8.6.2 *Construction Phase*8.6.3 *Operational Phase*8.6.4 *Resilience to Flooding*

8.7 References

8.8 Appendices

Appendix 8.1 - Poolbeg Peninsula Planning Scheme Flood Report, December 2008,

Mott MacDonald Pettit

9.0 EFFECT ON THE ENVIRONMENT: Air Quality

9.1 Introduction

9.2 Assessment Methodology

9.2.1 *Ambient Air Quality Standards*9.2.2 *Baseline Monitoring*9.2.3 *Assessment Methodology – Impact on Future and Existing Occupiers*

9.3 The Receiving Environment

9.3.1 *General Available Data for Zone A – Dublin*9.3.2 *Recent Baseline Studies – Ambient Air Monitoring*

9.4 Relevant Characteristics of the Planning Scheme

9.4.1 *Construction Phase*9.4.2 *Operational Phase*

9.5 Likely Impact of the Planning Scheme

- 9.5.1 *Construction Phase*
- 9.5.2 *Operational Phase*
- 9.6 Mitigation
 - 9.6.1.1 *Construction Phase*
 - 9.6.1.2 *Operational Phase*
- 9.7 References
- 9.8 Appendices
 - Appendix 9.1 – CALPUFF Modelling of Tall Buildings, AWN Consulting
 - Appendix 9.2 – Dispersion Modelling of Road Traffic Emission in Poolbeg, AWN Consulting
 - Appendix 9.3 – Figure 8.1: Approximate Locations of Air Monitoring Stations, extract from Waste to Energy EIS, June 2006

10.0 EFFECT ON THE ENVIRONMENT: Wind

- 10.1 Introduction
- 10.2 Assessment Methodology
 - 10.2.7 *Evaluation Criteria for Reviewing the Effects of Wind*
- 10.3 The Receiving Environment
 - 10.3.2 *The Current Wind Conditions on Site*
 - 10.3.3 *The Current Wind Conditions around the Site (on neighbouring properties)*
 - 10.3.4 *The Desired Pedestrian Activity around the Site*
 - 10.3.5 *Comparison of the Wind Conditions with the Desired Conditions*
- 10.4 Relevant Characteristics of the Draft Planning Scheme
- 10.5 Likely Impact of the Draft Planning Scheme
 - 10.5.1 *Wind Conditions Around the Proposed Development*
 - 10.5.2 *Windiest Areas on Site*
 - 10.5.3 *Overall Assessment*
 - 10.5.4 *Existing Residential Receptors*
 - 10.5.5 *Construction Phase*
- 10.6 Mitigation
 - 10.6.1 *Construction Phase*
 - 10.6.2 *Operational Phase*
- 10.7 References.
- 10.8 Appendices
 - Appendix 10.1 - Dublin Docklands Development Authority, Draft Planning Scheme, Poolbeg Dublin, Wind Microclimate Desk Study, RWDI Anemos Consulting Engineers, October 2008

11.0 EFFECT ON THE ENVIRONMENT: Odours

- 11.1 Introduction
- 11.2 Assessment Methodology
- 11.3 The Receiving Environment.
 - 11.3.1 Anthropogenic or “Man-Made” Sources*
 - 11.3.2 Natural Sources*
- 11.4 Relevant Characteristics of the Draft Planning Scheme.
 - 11.4.1 Construction Phase*
 - 11.4.2 Operational Phase*
- 11.5 Likely Impact of the Draft Planning Scheme.
- 11.6 Mitigation.
 - 11.6.1 Construction Phase*
 - 11.6.2 Operational Phase*
- 11.7 References
- 11.8 Appendices
 - Appendix 11.1 - Photos of discharge point from northeast corner of the Fabrizia site

12.0 EFFECT ON THE ENVIRONMENT: Climate & Energy

- 12.1 Introduction
- 12.2 Assessment Methodology
- 12.3 The Receiving Environment
 - 12.3.1 Global Environment*
 - 12.3.2 Kyoto Agreement*
 - 12.3.3 Commitments*
 - 12.3.4 Situation in Ireland*
 - 12.3.5 Local Climate*
 - 12.3.6 Recent Weather*
- 12.4 Relevant Characteristics of the Draft Planning Scheme.
 - 12.4.1 Macroclimate*
 - 12.4.2 Microclimate*
- 12.5 Likely Impact of the Draft Planning Scheme.
 - 12.5.1 Construction Phase*
 - 12.5.2 Operational Phase*
- 12.6 Mitigation
 - 12.6.2 Construction Phase*
 - 12.6.3 Operational Phase*

- 12.7 References
- 12.8 Appendices
 - Appendix 12.1 - Poolbeg Planning Scheme, Carbon Emissions and Water Use Reduction, RPS, November 2008

13.0 EFFECT ON THE ENVIRONMENT: Noise & Vibration

- 13.1 Introduction
- 13.2 Assessment Methodology
 - 13.2.1 Desk Based Review*
 - 13.2.2 Baseline Noise Monitoring*
 - 13.2.3 Construction Phase – Noise Predication Modelling*
 - 13.2.4 Operational Phase – Noise Prediction Modelling*
- 13.3 The Receiving Environment
 - 13.3.1 Baseline Noise Monitoring on the Peninsula*
 - 13.3.2 Noise Monitoring Locations*
 - 13.3.3 Noise Monitoring Results*
 - 13.3.6 Predicted Noise Impact of Existing Long Term Noise Sources*
 - 13.3.7 Traffic Noise*
 - 13.3.8 Existing Sensitive Receptors*
- 13.4 Relevant Characteristics of the Draft Planning Scheme
 - 13.4.1 Construction Phase*
 - 13.4.2 Operational Phase*
- 13.5 Likely Impact of the Draft Planning Scheme
 - 13.5.1 Construction Phase*
 - 13.5.2 Operational Phase*
 - 13.5.3 Long Term Traffic Related Noise*
 - 13.5.4 Noise Emissions from Building Services Plant*
 - 13.5.5 Noise Emissions as a Result of Service Yard Activities*
 - 13.5.6 Noise Emissions Arising from Social Activities within the Development*
 - 13.5.7 Operation of the DRT*
 - 13.5.8 Impact on the Draft Planning Scheme arising from the Existing Industrial and Port Noise*
- 13.6 Mitigation
 - 13.6.2 Noise Criteria*
 - 13.6.3 Vibration Criteria*
 - 13.6.4 Effects on Buildings*

- 13.6.5 *Effects on Occupiers*
- 13.6.6 *Construction Phase*
- 13.6.7 *Operational Phase*
- 13.6.8 *Criteria for Future Receptors*
- 13.7 References

14.0 EFFECT ON THE ENVIRONMENT: Landscape and Visual Impact

- 14.1 Introduction
- 14.2 Assessment Methodology
 - 14.2.11 *Policy Context*
 - 14.2.12 *National Policy – National Spatial Strategy*
 - 14.2.13 *Regional Policy – Greater Dublin Area Regional Planning Guidelines 2004-2016*
 - 14.2.14 *Local Policy – Dublin City Development Plan in 2005 – 2011*
 - 14.2.15 *Local Policy – Dublin Docklands Master Plan 2008*
 - 14.2.16 *Local Policy – Managing Intensification and Change, a Strategy for Dublin Building Height, 2002*
- 14.3 The Receiving Environment
 - 14.3.1 *The Landscape of the Poolbeg Peninsula*
 - 14.3.2 *Topography and Drainage*
 - 14.3.3 *Land Use*
 - 14.3.4 *Urban Grain, Block Structure and Density*
 - 14.3.5 *Building Typology and Architectural Character*
 - 14.3.6 *The Landscape of the Immediate Receiving Environment*
 - 14.3.7 *The Landscape of the Wider Environment*
 - 14.3.8 *Visibility and Visual Receptors*
- 14.4 Relevant Characteristics of the Draft Planning Scheme
 - 14.4.2 *Landscape Framework*
 - 14.4.3 *Development Zones*
 - 14.4.4 *Building Height*
 - 14.4.5 *Architectural Character*
 - 14.4.6 *Built Heritage in the Landscape*
- 14.5 Likely Impact of the Draft Planning Scheme
 - 14.5.1 *Landscape Impact*
 - 14.5.2 *Visual Impact*
- 14.6 Mitigation.

- 14.7 References
- 14.8 Appendices
 - Appendix 14.1 – Block Model Renders of the Proposed Planning Scheme at Poolbeg

15.0 EFFECT ON THE ENVIRONMENT: Sunlight

- 15.1 Introduction
- 15.2 Assessment Methodology
- 15.3 Receiving Environment
- 15.4 Relevant Characteristics of the Draft Planning Scheme
- 15.5 Likely Impact of the Draft Planning Scheme
 - 15.5.1 *Potential impact during Construction Phase*
 - 15.5.2 *Potential Impact during operational Phase*
 - 15.5.3 *Predicted Impact during Construction Phase*
 - 15.5.4 *Predicted Impact during Operational Phase*
- 15.6 Mitigation.
- 15.7 References
- 15.8 Appendix
 - Appendix 15.1 - Shadow Analysis Study

16.0 EFFECT ON THE ENVIRONMENT: Material Assets – Traffic & Transportation and Parking

- 16.1 Introduction
- 16.2 Assessment Methodology
 - 16.2.5 *Operational Assessment*
 - 16.2.6 *Assessment Scenarios*
- 16.3 The Receiving Environment.
 - 16.3.2 *Site Location*
 - 16.3.3 *Existing Road Network*
 - 16.3.4 *National Roads Network*
 - 16.3.5 *Function of the Strategic Road Network*
 - 16.3.6 *Existing Traffic Flows / Traffic Data*
 - 16.3.7 *Existing Uses within the Planning Scheme Area*
 - 16.3.8 *Public Transport in the vicinity of the Planning Scheme Area*
 - 16.3.9 *Public Transport in the Surrounding Area*
 - 16.3.10 *Existing Transportation Planning and Policy*

- 16.3.11 *Docklands Quality Bus Corridor*
- 16.3.12 *Future Road Improvements*
- 16.3.13 *Policy Statement on Development Management and Access to National Roads*
- 16.4 Relevant Characteristics of the Draft Planning Scheme
 - 16.4.1 *Proposed Pedestrian and Cycle Infrastructure*
 - 16.4.2 *Cycle Parking Provision*
 - 16.4.3 *Docklands Rapid Transit (DRT)*
 - 16.4.4 *Strengthening Bus Services*
 - 16.4.5 *Extension of Luas to Poolbeg*
 - 16.4.6 *Road Infrastructure Proposals*
 - 16.4.7 *Car Parking Standards*
 - 16.4.8 *Car Parking Provision*
 - 16.4.9 *Demand Management*
- 16.5 Likely Impact of the Draft Planning Scheme
 - 16.5.1 *Construction Phase*
 - 16.5.2 *Operational Phase*
- 16.6 Mitigation
 - 16.6.4 *Summary*
- 16.7 References

17.0 EFFECT ON THE ENVIRONMENT: Material Assets – Retail Impact

- 17.1 Introduction
 - 17.1.2 *Context for the RIA*
 - 17.1.3 *Strategic Context for Retail Proposals*
 - 17.1.4 *Proposed Retail Components of Planning Scheme*
 - 17.1.5 *Strategic Principles*
 - 17.1.6 *Retail Mix and Principles*
 - 17.1.7 *Strategic RIA*
 - 17.1.8 *Methodology*
 - 17.1.9 *Quantitative and Qualitative Assessment*
 - 17.1.10 *Retail Impact Assessment Structure*
- 17.2 Legislative Context
 - 17.2.1 *Retail Planning Guidelines for Planning Authorities*
 - 17.2.2 *Retail Strategy for the Greater Dublin Area*

- 17.2.4 *Retail Hierarchy*
- 17.2.5 *Grand Canal Dock Planning Scheme*
- 17.2.6 *Grand Canal Dock Amending Scheme*
- 17.2.7 *Docklands North Lotts Planning Scheme*
- 17.3 *The Receiving Environment*
 - 17.3.1 *Understanding the Retail Landscape*
 - 17.3.2 *Existing & Emerging Offer of the Catchment Area*
 - 17.3.3 *Meeting Strategic Convenience Shopping Needs – Conclusion*
- 17.4 *Likely Impact of the Draft Planning Scheme*
 - 17.4.2 *Definition of the Catchment Area*
 - 17.4.3 *Understanding Local Population Trends*
 - 17.4.4 *Historic Population Trends*
 - 17.4.5 *Population Forecasts for the Catchment Area*
 - 17.4.6 *Low Population Growth Scenario*
 - 17.4.7 *High Population Growth Scenario*
 - 17.4.8 *Capacity Assessment*
 - 17.4.9 *Population and Expenditure Estimates*
 - 17.4.10 *Turnover Estimates*
 - 17.4.11 *Turnover Ratios*
 - 17.4.12 *Gross Additional Expenditure Potential*
 - 17.4.13 *Future Sources of Retail Sales*
 - 17.4.14 *Capacity Potential*
 - 17.4.15 *Conclusion*
 - 17.4.16 *Trade Diversion and Retail Impact*
 - 17.4.17 *Definition of Retail Impact*
 - 17.4.18 *Trade Diversion and Retail Impact*
 - 17.4.19 *Convenience Trade Diversion and Retail Impact*
 - 17.4.20 *Comparison Trade Diversion and Retail Impact*
 - 17.4.21 *Cumulative Retail Impact*
 - 17.4.22 *Conclusion*
 - 17.4.23 *Sequential Appraisal*
 - 17.4.24 *Approach*
 - 17.4.25 *Conclusion*
- 17.5 *Summary and Conclusions*
 - 17.5.4 *Retail Components of the Draft Planning Scheme*
 - 17.5.5 *Quantitative Assessment*
 - 17.5.6 *Qualitative Assessment*

17.5.7 Reductive and Remedial Measures

17.5.8 Predicted Impact of the Retail Component of the Planning Scheme

17.5.9 Do Nothing Scenario

17.5.10 Conclusion

Appendix 1 Reference-List of Source Documentation Used

18.0 EFFECT ON THE ENVIRONMENT: Material Assets - Archaeological Heritage

18.1 Introduction

18.1.2 Legislative Context

18.1.3 Dublin Docklands Master Plan 2008

18.2 Assessment Methodology.

18.2.2 Recorded Archaeological Monuments, Places, Draft Maritime Sites and Monuments Record

18.2.3 Recorded Archaeological Finds

18.2.4 Cartographic Sources

18.2.5 Previous Excavations

18.2.6 Historical Research

18.2.7 Site Assessment

18.3 The Receiving Environment

18.4 Relevant Characteristics of the Draft Planning Scheme

18.5 Likely Impact of the Draft Planning Scheme

18.5.2 Construction Phase

18.5.3 Operational Phase

18.6 Mitigation

18.6.2 Pre-Development Archaeological Testing and Archaeological Excavation

18.6.3 Monitoring

18.6.4 Luas

18.6.5 Operational Phase

Appendix 18.5 - Features of Industrial Archaeological Interest

19.0 EFFECT ON THE ENVIRONMENT: Material Assets - Architectural & Cultural Heritage.

- 19.1 Introduction.
 - 19.1.1 Legislative Context*
 - 19.1.2 Local Planning Policy*
 - 19.1.3 Dublin Docklands Area Master Plan 2008*
- 19.2 Assessment Methodology.
 - 19.2.2 Cartographic Sources*
 - 19.2.3 Historical Research*
 - 19.2.4 Irish Architectural Archive*
 - 19.2.5 Site Assessment*
- 19.3 The Receiving Environment.
 - 19.3.1 Historical Background*
 - 19.3.2 Protected Structures*
- 19.4 Relevant Characteristics of the Draft Planning Scheme.
- 19.5 Likely Impact of the Draft Planning Scheme.
 - 19.5.1 Construction Phase*
 - 19.5.2 Operational Phase*
- 19.6 Mitigation.
 - 19.6.2 Construction Phase*
 - 19.6.3 Operational Phase*
- 19.7 References.

20.0 EFFECT ON THE ENVIRONMENT: Material Assets – Utilities

- 20.1 Introduction.
- 20.2 Assessment Methodology
- 20.3 The Receiving Environment
 - 20.3.4 Water Supply*
 - 20.3.5 Sewerage*
 - 20.3.6 Electricity*
 - 20.3.7 Gas*
 - 20.3.8 Telecommunications*
- 20.4 Relevant Characteristics of the Draft Planning Scheme.
 - 20.4.2 Water Supply*
 - 20.4.3 Sewerage*

- 20.4.4 *Electricity*
 - 20.4.5 *Gas*
 - 20.5 Likely Impact of the Draft Planning Scheme.
 - 20.5.1 *Construction Phase*
 - 20.5.2 *Operational Phase*
 - 20.6 Mitigation
 - 20.6.2 *Construction Phase*
 - 20.6.3 *Operational Phase*
 - 20.7 References.
-
- 21.0 EFFECT ON THE ENVIRONMENT: Waste**
 - 21.1 Introduction
 - 21.2 Assessment Methodology
 - 21.3 The Receiving Environment
 - 21.3.1 *National Level*
 - 21.3.2 *Dublin Region*
 - 21.3.3 *Commercial Waste*
 - 21.3.4 *Recycling Facilities and Issues*
 - 21.3.5 *Municipal Waste Recycling*
 - 21.3.6 *Landfills in Operation*
 - 21.3.7 *Construction and Demolition Waste*
 - 21.3.8 *Hazardous Waste*
 - 21.4 Relevant Characteristics of the Draft Planning Scheme
 - 21.5 Likely Impact of the Draft Planning Scheme
 - 21.5.2 *Construction Phase*
 - 21.5.3 *Operational Phase*
 - 21.6 Mitigation
 - 21.6.2 *Construction Phase*
 - 21.6.3 *Other Construction Waste*
